**Pay Rate:** Ontario County 2024 salary range: \$67,475-\$82,514 (\$32.44 - \$39.67/hr.) (Pending Board Approval).

**Vacancy:** This examination is being held to establish an Eligible List to fill future vacancies in this title, which may occur during the life of the Eligible List. An eligible may receive only one Permanent appointment from this Eligible List. If an eligible accepts a Contingent-Permanent appointment their name will be removed from the Eligible List only for the department or agency in which she/he received the Contingent-Permanent appointment. Once appointed, there will be a probation period of 8 to 26-weeks based on performance of duties.

➤ It is the applicants' responsibility to clearly show that they meet the **minimum qualifications** for the position.

**Qualifications:** County Values: All employees of Ontario County are expected to uphold and exhibit the County's shared values and behaviors to achieve the County's Vision and Mission.

**Minimum Qualifications:** Immediately preceding the examination date, candidates must possess Permanent Competitive status in the Ontario County Department of Public Works in a position of; EITHER:

1. Supervisor of Pump Station & Sewer Line Operation and Maintenance for one (1) year; OR
2. Wastewater Treatment Plant Operator for three (3) years; OR
3. A combination of (1) and (2) which equals no less than three (3) years' service;

**Special Requirements:** An employee will be required to obtain a Grade 2 Wastewater Treatment Plant Operator Certificate within one year from the date of the permanent appointment.

**Special Requirement For Appointment:** Possession of a valid New York State Operator's license at the time of appointment, and maintenance of such license throughout the tenure of employment in the position.

**Anticipated Eligibility:** Applicants who lack thirty days, or less, of meeting the minimum qualifications by the date of the examination will be admitted conditionally to the examination. However, proof of the additional days' qualifications must be submitted prior to the establishment of the eligible list.

**Job Description:** This is an important supervisory and technical position involving supervision of the safe and efficient operation and maintenance of a Class 2 Wastewater Treatment Plant with facilities for chemical precipitation, sludge vacuum filtration, sludge incineration, separate sludge digestion, or any other biological oxidation process other than the activated sludge and the stabilization or oxidation pond processes and supervision of maintenance, operation and extension of sewer system pump stations and sewer lines. General direction is received from the Commissioner of Public Works, but wide leeway is allowed for planning work methods and dealing with emergency conditions. Supervision is exercised over all employed in the Honeoye Lake County Sewer District. Does related work as required.

**Subjects of Examination:** A test designed to evaluate knowledge, skills and/or abilities in the following areas:

**1. Operation and maintenance of pumps, valves, and related mechanical and electrical equipment** - These questions test for knowledge of the principles and procedures involved in the operation, maintenance, and repair of pumps, valves, and related mechanical and electrical equipment, including motors and electric circuitry; and for the ability to identify various types of pumps, valves, and related equipment and understand their functions.

**2. Physics, chemistry, and bacteriology related to wastewater treatment and disposal, including laboratory and field tests for plant operations** - These questions test for knowledge of the principles and practices of wastewater treatment, disposal, and testing, including such areas as the principles of physics, chemistry, and bacteriology involved; terminology associated with wastewater treatment and testing; operating principles of the equipment and procedures used in wastewater treatment; measurements and measuring devices used; sampling and testing wastewater and interpreting the results; and identification and characteristics of chemicals and bacteria involved in wastewater plant operations and testing. Some questions may involve basic arithmetic calculations.

**3. Practices and equipment used in the operation and maintenance of a Type A wastewater treatment plant** - These questions test for knowledge of the principles and practices associated with the operation and maintenance of wastewater treatment plants employing the activated sludge process or its modifications (Type A plants), including such areas as objectives of plant processes, techniques, and equipment; terminology associated with Type A wastewater treatment plants; conditions and situations encountered in Type A wastewater treatment plants; plant safety and monitoring; and equipment and materials used in Type A wastewater treatment plants. Some questions may involve basic arithmetic calculations.

**4. Pumping operations and related arithmetic computations** - These questions test for knowledge of pumping operations, including such areas as terminology and basic principles associated with pumps and pumping operations; instruments and equipment used in pumping operations, including various types of pumps and their components; troubleshooting pumping problems and developing solutions; pump inspection and maintenance; and the ability to perform basic arithmetic calculations associated with pumping operations.

**5. Administrative supervision** - These questions test for knowledge of the principles and practices involved in directing the activities of a large subordinate staff, including subordinate supervisors. Questions relate to the personal interactions between an upper level supervisor and their subordinate supervisors in the accomplishment of objectives. These questions cover such areas as assigning work to and coordinating the activities of several units, establishing and guiding staff development programs, evaluating the performance of subordinate supervisors, and maintaining relationships with other organizational sections.
