Job Description: This is a high-level management position in the Ontario County Department of Finance. The duties involve financial oversight of multiple local public agencies. The duties also include independent managerial responsibility for the performance of complex professional accounting and fiscal management of multiple billing and claiming systems for state and federal reimbursement and to third party providers for reimbursement of county services. The position will ensure that agencies and departments receive all revenue and meet audit requirements of the various Federal and State agencies and the County Department of Finance. This work involves operational and strategic planning, financial analysis and close interaction with Agency heads to develop and implement budgets and financial systems with administrative oversight from the Director of Finance. While supervision is not a major function of this title, oversight and instruction will be provided to accounting professionals. Does related work as required.

Subjects of Examination: A test designed to evaluate knowledge, skills and /or abilities in the following areas:

1. Preparing written material - These questions test for the ability to present information clearly and accurately, and to organize paragraphs logically and comprehensibly. For some questions, you will be given information in two or three sentences followed by four restatements of the information. You must then choose the best version. For other questions, you will be given paragraphs with their sentences out of order. You must then choose, from four suggestions, the best order for the sentences.

2. General accounting - These questions test for knowledge of the general accounting principles and practices used in the preparation of financial statements, in the recording and reporting of financial transactions, and in financial decision-making. Candidates will be required to demonstrate a current knowledge of Generally Accepted Accounting Principles (GAAP). Knowledge of computerized information systems as it applies to accounting may be required.

3. General auditing - These questions test for knowledge of the principles and procedures involved in substantiating and examining transactions and financial statements. It will require a knowledge of auditing techniques and Generally Accepted Auditing Standards (GAAS). Knowledge of the use of computerized accounting or auditing systems as it pertains to auditing may be required. Questions relating to internal controls applicable to manual and computerized accounting systems may be included.

4. Governmental accounting - These questions test for knowledge of the accounting practices employed to provide financial information used in determining and forecasting the condition of governmental units, and used for monitoring governmental performance, in terms of legal, contractual and fiduciary requirements. These questions will test for knowledge of and familiarity with common governmental funds, appropriation and encumbrance accounting, accounting for revenue and expenditures, and other aspects of accounting relating to the governmental sector.

5. Understanding and interpreting tabular material - These questions test your ability to understand, analyze, and use the internal logic of data presented in tabular form. You may be asked to perform tasks such as completing tables, drawing conclusions from them, analyzing data trends or interrelationships, and revising or combining data sets. The concepts of rate, ratio, and proportion are tested. Mathematical operations are simple, and computational speed is not a major factor in the test.
