DISTINGUISHING FEATURE OF THE CLASS: The primary responsibility of the position involves coordinating, facilitating and integrating mental health treatment, care and support of clients and to increase mental health awareness in the community. The incumbent interviews and assesses new clients and coordinate clinical care and outside services (e.g., social services, mental health specialty care, substance abuse treatment). While supervision is not a major function of this title, oversight and instruction may be provided to staff in the Mental Health Department. Work is performed under the supervision of a Supervising Psychologist, Supervising Social Worker, or Directors, with independent judgement allowed in performing the duties of the position. Does related work as required.

TYPICAL WORK ACTIVITIES: (Illustrative only)

- Interviews clients, gathers and verifies insurance information, explains the steps needed to determine eligibility, how to obtain services; and assists with making necessary arrangements to attend evaluation (e.g., child care for siblings, transportation, etc.);
- Educates clients and their family on mental illness, substance dependency and/or developmental disabilities services, treatments, and care plans available;
- Develops care/treatment plans for clients of the clinic or of individuals with substance abuse, mental health, and/or developmental disabilities as needed and under the direction/supervision of clinical/supervisory staff of the clinic;

MENTAL HEALTH SERVICES COORDINATOR

TYPICAL WORK ACTIVITIES: (Continued)

- Coordinates and monitors the delivery and/or availability of services across all agencies involved in client's care or recovery;
- Coordinates programs operated by the Local Government Unit such as facilitating, oversight, and monitoring of the LGU's Assisted Outclient Treatment program, criminal justice/forensically involved clients (e.g., those involved with Specialty Courts), and/or programs monitored or oversighted by the LGU;
- Consults with other medical and professionals about client cases and therapeutic care and develops innovative approaches to client engagement;
- Makes referrals to outside providers as appropriate;
- May consult with schools, providers, families, and community mental health service providers/systems to plan and coordinate services for at-risk individuals;
- May act as court liaison for the Department of Mental Health by appearing in court as needed, disseminating court orders and treatment plans, and by monitoring expiration of orders and applications for extensions of orders;
- Coordinates the implementation of court-ordered treatment by insuring timely access to ordered services, including assignment of a treatment team or case manager;
- Coordinates data collection and required reports to NYS Office of Mental Health;
- Support and closely coordinate mental health care with the client's primary care provider and other treating mental health providers;
- Monitor clients (in person or by telephone or via collateral contacts of the client) for changes in clinical symptoms and treatment side effects or complications;
- Facilitate client engagement and follow-up in mental health care;
- Facilitate referrals for clinically indicated services outside the primary care clinic (e.g., social services such as housing assistance, vocational rehabilitation, mental health specialty care, substance abuse treatment);
- Conduct regularly scheduled caseload consultation with the consulting team psychiatrist and communicate resulting treatment recommendations to the client's PCP;
- Coordinates the maintenance of client records to ensure all department and outside providers have access to necessary information;
- Works with community partners/agencies to develop protocols that will result in increased information sharing, collaboration, and mental health services and increase community mental health awareness.

FULL PERFORMANCE, KNOWLEDGE, SKILLS, ABILITIES AND PERSONAL CHARACTERISTICS:

Good knowledge of current theories and methods of diagnosis and treatment of mental health disorders and substance dependency; good knowledge of the principles and practices of management, organization and administration of service/treatment plans; working knowledge of NYS Mental Hygiene Law, rules and regulations; working knowledge of differential diagnosis of common mental/substance dependency disorders; working knowledge of psychopharmacology for common mental disorders; knowledge of community mental health resources; strong organizational skills; good oral and written communication skills; ability to conduct brief, structured counseling techniques (e.g., Motivational Interviewing, Behavioral activation); ability to effectively engage clients in a therapeutic relationship; ability to collaborate effectively in a team setting; ability to maintain effective and professional relationships with clients; ability to prepare complex evaluations and detailed reports in a concise and effective manner; ability to operate a personal computer and utilize common office software programs; tact, patience, confidentiality, physical condition commensurate with the demands of the position.
