

Town of Victor – Vacancy

Salary: \$33.35 - \$35.43/hr

CONSTRUCTION INSPECTOR

DISTINGUISHING FEATURES OF THE CLASS: This position involves responsibility for inspecting the work of outside contractors by a municipality in highway and utility construction work. The primary types of construction work will be the installation of water and sewer lines, storm drainage systems, sidewalks, roads, and grading operations. The Construction Inspector must ensure that all contract specifications relative to the construction work are being adhered to and must ensure compliance with municipal regulations. Work is performed at various job sites where the Construction Inspector refers to plans and contract specifications, carefully observes the work of contractors to ensure compliance with these specifications and completes daily reports on all aspects of the work in progress. The work is performed under the general supervision of the agency Board and day-to-day supervision of the agency administrator or appointee. Supervision over others is not a responsibility of this position. Coordinates the easement process, Letters of Credit and/or Maintenance Bonds. Does related work as required.

TYPICAL WORK ACTIVITIES: (Illustrative only)

Reads and interprets plans, technical drawings, and contract specifications;
Inspects water and sewer lines, storm drainage systems, sidewalks, highways, and grading operations in the process of construction or repair for compliance with approved plans and specifications;
Ensures compliance with all municipal regulations;
Inspects for quality of workmanship and checks quality of materials;
Keeps an accurate job diary;
Prepares inspection reports;
Receives and forwards to appropriate municipal official complaints from property owners, motorists and other citizens affected by construction projects;
Operates surveying instruments on street property line, paving, sewer and water line installation, drainage district facilities;
Performs some drafting;
Coordinates the easement process to ensure proper easements are in place for highway and utility projects;
Coordinates Letters of Credit for various construction projects to include maintenance bonds;
Coordinates and facilitates the release of funds as appropriate;
Performs such clerical work as required.

FULL PERFORMANCE KNOWLEDGE, SKILLS, ABILITIES AND PERSONAL CHARACTERISTICS: Working knowledge of modern practices, principles, materials and tools used in construction work related to highway and utility work; ability to understand and interpret blueprints, diagrams, technical drawings and contract specifications; ability to use mechanical drawing instruments, mathematical tables; ability to perform inspectional activities; ability to learn the rules and regulations of all regulatory bodies with an interest in the construction projects; ability to complete simple reports relating to man-hours, equipment and supplies; ability to operate a personal computer and utilize common office software programs; ability to establish satisfactory working relationships with contractors and the general public; honesty; dependability; physical condition commensurate with the demands of the position.
